

Cable Cubby 500

CABLE ACCESS ENCLOSURE FOR AV CONNECTIVITY,
REMOTE CONTROL, AND POWER

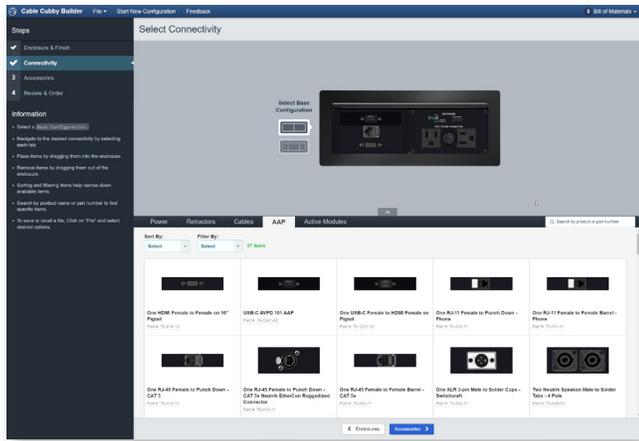

The Extron **Cable Cubby 500** is a compact, modular furniture-mountable enclosure that provides convenient connectivity for AV signals, data, and power. It is ideal for use in training rooms or conference rooms where tabletop connectivity is needed within easy reach.

- ▶ Accommodates one AC or AC+USB Power Module, plus three Retractor modules, four AV cables, or two AAP™ AV Connectivity Modules
- ▶ Patented modular design for fast assembly and serviceability
- ▶ Retractor, Cable Pass-Through, and AAP brackets included
- ▶ AC Power and AC+USB Power Modules are available for US, Europe, and other major world markets
- ▶ US model includes an attached 9.5' power cord and two 2' cords to power optional AV equipment and other devices
- ▶ UL/c-UL listed and CE compliant

DESCRIPTION

The Extron **Cable Cubby® 500** is a modular, furniture-mountable cable access enclosure for AV connectivity and power. It accommodates an AC or AC+USB power module and includes mounting hardware for Retractor Series cable retraction modules, AV cables or AAP AV Connectivity Modules. The enclosure's patented modular design allows cables and AAP modules to be installed or serviced from the top. For fast installation, the Cable Cubby 500 has a simple, integrated clamp system that quickly secures the enclosure to the furniture surface without the need for additional parts or tools.

Simply install the enclosure in the opening, slide the clamp up to the surface, and then rotate the cam to lock the enclosure in place. Power modules are available for the US, Europe, and other major world markets. The Cable Cubby 500 is available in a black anodized or brushed aluminum finish.

Cable Cubby Builder

KEY FEATURES

- ▶ US model includes an attached 9.5' power cord and two 2' cords to power optional AV equipment and other devices
- ▶ Optional Retractor Series cable retraction system supports most AV and data signal types
