

Custom Engraving Services

Custom Laser Engraving Services for Architectural Connectivity

CUSTOM LASER ENGRAVING SERVICES

Extron is pleased to offer custom laser engraving services for CCR 30, CCB 30, and Cable Cubby 500 CCB Cable Access Enclosure. You can use the custom laser engraving to clearly indicate signal type, input numbers or any labeling required for making signal connections clear and easy.

ENGRAVING SPECIFICATIONS

Standard Letter Size

0.14" (3.5 mm) Tall

Standard Font

Helvetica – engraving is **ALL CAPITAL LETTERS**.

Engraving Process

Letters, numbers, and symbols are laser engraved.

ORDER INFORMATION

To order engraving for any of the products listed above, download the PDF versions of these forms from the Extron Web site at <http://www.extron.com/engraving>. Detailed instructions for completing the form are included in the PDF form.

Submit one Engraving Order Form from each unique plate design. If identical engraving is required on several modules, then submit only one order form for each model number ordered. Be sure to include a purchase order that specifically authorizes purchase of the Extron products as well as the engraving service charges.

FAX SUBMISSION

Fax your completed engraving order form(s) and your purchase order to Extron at: 714.491.1511.

EMAIL SUBMISSION

You can download the PDF version of the order forms from <http://www.extron.com/engraving>. Complete the form(s) electronically and submit them via email to: engraving@extron.com.

For assistance or if you have any questions about our custom engraving services, please contact an Extron Support Representative.
