

DP Pro Plenum Series Cable Guide

The Extron DP Pro Plenum cables support digital video resolutions up to 8K/30 at 4:4:4 while maintaining a small and flexible diameter (0.18" [4.7 mm]) ideal for an installation with a tight bend radius. These unidirectional, plenum rated cables are offered in seven lengths from 25 feet (7.6 m) to 150 feet (45.7 m):

Model	Description
DP Pro P/25	DP Pro Plenum Cable M-M 25 feet (7.6 m)
DP Pro P/35	DP Pro Plenum Cable M-M 35 feet (10.6 m)
DP Pro P/50	DP Pro Plenum Cable M-M 50 feet (15.2 m)
DP Pro P/75	DP Pro Plenum Cable M-M 75 feet (22.8 m)
DP Pro P/100	DP Pro Plenum Cable M-M 100 feet (30.4 m)
DP Pro P/125	DP Pro Plenum Cable M-M 125 feet (38 m)
DP Pro P/150	DP Pro Plenum Cable M-M 150 feet (45.7 m)

NOTE: The DP Pro Plenum cables are unidirectional from source to display.

DP Pro Plenum Series Cable Guide, Continued

NOTES:

- The DP Pro Plenum connectors are labeled Source and Display. Be sure to connect them accordingly for proper signal flow.
- Insert the connector with the blue ring into the source.
